

Changes to BOSSI CPD requirements

This week BOSSI has been monitoring the COVID-19 situation and the new rules that have been introduced by the government to help slow the spread of the virus.

We are aware that most upcoming conferences and CPD events have been cancelled and this may be restricting the ability of Registered Surveyors to meet their annual CPD requirements.

The Board has been liaising with the ratified organisations and other professional member associations to explore alternatives to traditional face to face delivery methods. These organisations are confident that they can deliver suitable professional development content through a series of webinars or online conferences.

As a result BOSSI has made the decision to remove the max points limits and total allowable points limit for webinar delivered CPD content for the FY19-20.

If Registered Surveyors are still unable to meet their CPD obligations, in accordance with section 8.3 of the [BOSSI CPD Determination](#) they will be required to submit an application for conditional compliance. A request for conditional compliance must be received by BOSSI no later than 31 July 2020. Please refer to the determination for full details.

The CPD Conditional Compliance Form is now available on the BOSSI website on the forms page or directly via this [link](#).
