1. Introduction

The Board of Surveying and Spatial Information (BOSSI) is a statutory board constituted under the *Surveying and Spatial Information Act 2002*. Its principal functions are:

- The registration of surveyors.
- The investigation of complaints against registered surveyors.
- The taking of disciplinary action against registered surveyors.
- The investigation of matters referred to it by the Minister for advice or report in relation to surveying or any other aspect of the spatial information industry.
- The investigation of, and the provision of advice to the Minister with respect to, the practice to be followed in the conduct of surveys or in the collection, collation and dissemination of any other kinds of spatial information.
- The provision of advice to the Minister on the maintenance of the integrity of the State cadastre.
- The provision of advice to the Minister with respect to any other matter in connection with the administration of the Surveying and Spatial Information Act 2002.

BOSSI Register

The BOSSI Register of Surveyor contains details for all registered and candidate surveyors since 1929 when the first Surveyors Act was enacted in NSW and the Board of Surveyors (BOS) was formed under that Act. In 2002 the Board of Surveyors was renamed the Board of Surveying and Spatial Information (BOSSI) when the Surveying and Spatial Information Act was enacted.

Currently the Register contains 1048 financial registered surveyors and 255 financial candidate surveyors.

<u>Note</u>: During the transition of the BOSSI Register to the Government Licensing System in March 2020 the data contained in the database was reviewed and cleansed. Duplicates, incomplete and incorrect records were updated or removed. Historical data in the Trends section of this report has not been recalculated.

2. Financial Registered Surveyors

Registered Surveyors

BOSSI registers surveyors in two disciplines being land surveying and mining surveying. Current number of financial registered surveyors as of 30 June 2020 is as follows:

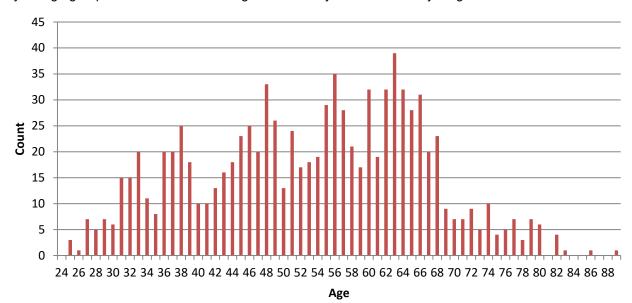

Total	1048
Registered Land & Mining Surveyors	18
Registered Mining Surveyors	110
Registered Land Surveyors	920

Registered Land Surveyors

Age Profile

The age range of financial registered land surveyors is shown below. The average age of financial registered land surveyors on the Board's register is 53 and the age group with the largest number of surveyors is the 63-year age group. The oldest financial registered surveyor is 89 and the youngest is 25.

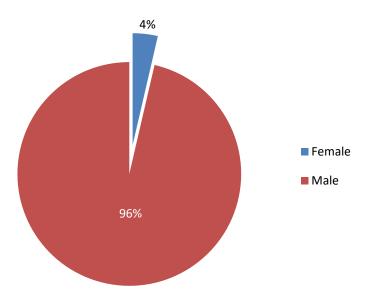

Recognised Qualifications

The names of the institutions where current financial registered land surveyors have gained their recognised qualifications are listed in the table below:

Gender Diversity

The gender breakdown of financial registered land surveyors is currently 904 males and 34 females.

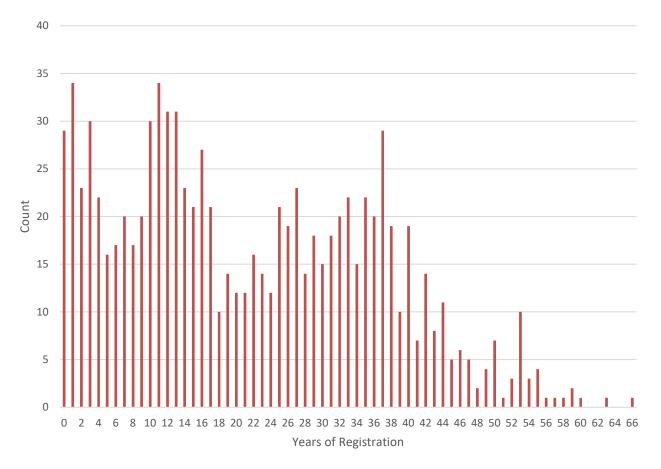

Registration

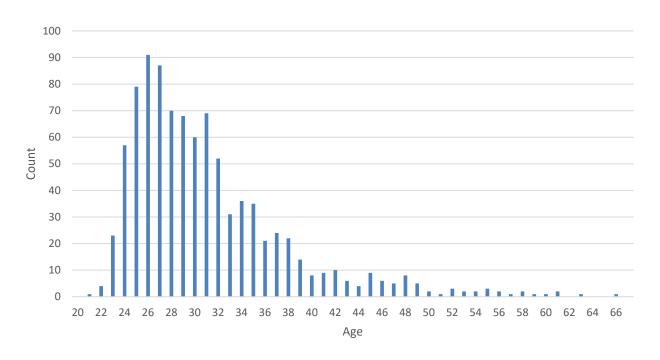

The initial registration year of the current financial registered land surveyors spans from the 1950s to the present date. The below graph shows a breakdown by decade.

The following graph shows the length of time current financial registered land surveyors have been registered. The longest span of registration is 66 years, with the average being 22 years.

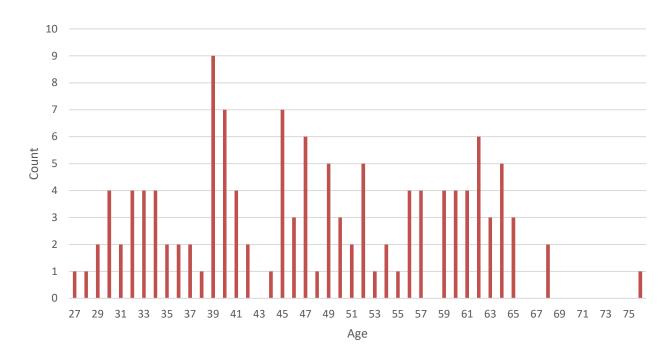

The age of land surveyors when they have gained registration is displayed below. Most surveyors gained their initial registration in their 20s, with the youngest being 21 and the oldest being 66. The average age is 31 with the largest age group being 26 years.

Registered Mining Surveyors

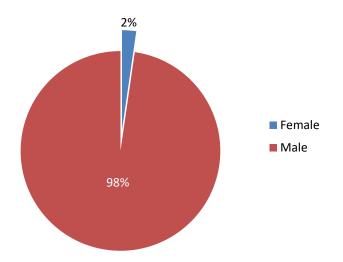

Age Profile

The age range of financial registered mining surveyors is shown below. The average age of financial registered mining surveyors on the Board's register is 48 and the age group with the largest number of surveyors is the 39-year age group. The oldest financial registered mining surveyor is 76 and the youngest is 27.

Gender Diversity

The gender diversity of financial registered mining surveyors is currently 125 males and 3 females.

Registration

Currently the Board has three categories of mining surveyor registration, being unrestricted, underground metalliferous mines, and open cut mines.

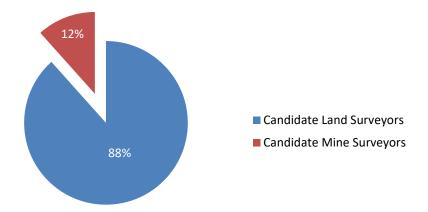

As mining surveyor registration under the *Surveying and Spatial Information Act 2002* was only introduced when the Act commenced, the initial date of registration for current financially registered mining surveyors in the Board's register spans from 2003 to present with the majority of these being in the 2003-2004 financial year.

3. Financial Candidate Surveyors

BOSSI enrols candidate surveyors in two disciplines being land and mining. The current number of financial candidate surveyors as of 30 June 2020 is as follows:

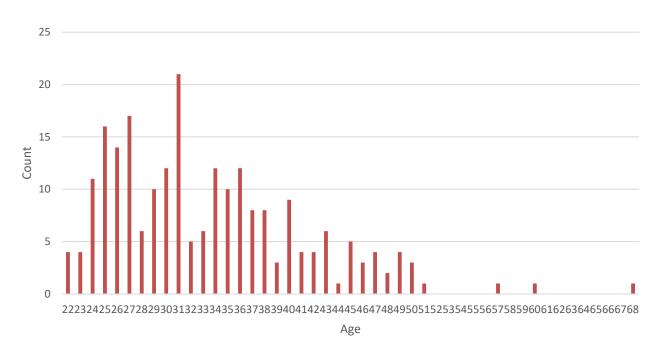

Candidate Land Surveyors

Age Profile

The age range of financial candidate land surveyors is shown below. The average age of financial candidate land surveyors on the Board's register is 33 and the age group with the largest number of surveyors is the 31-year age group. The oldest financial candidate surveyor is 68 and the youngest is 22.

Gender Diversity

The gender breakdown of financial candidate land surveyors is currently 220 males and 9 females.

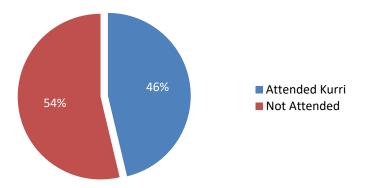

Enrolment

Most financial candidate land surveyors initially enrolled in the last 6 years. There are currently 5 financial candidate land surveyors who enrolled before the 1999-2000 financial year.

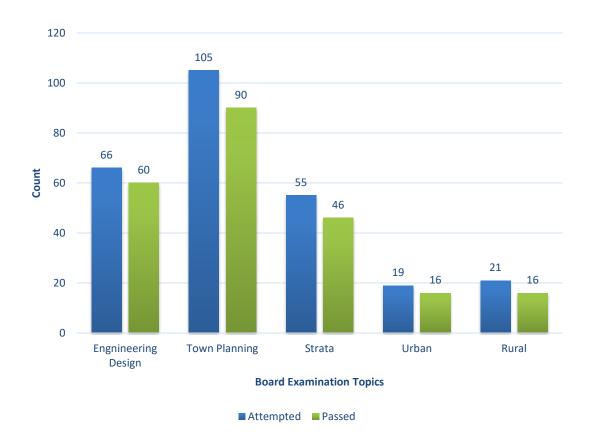

Kurri Kurri Workshop

Just under half of the financial candidate land surveyors have attended the Kurri Kurri Workshop since being enrolled as a candidate.

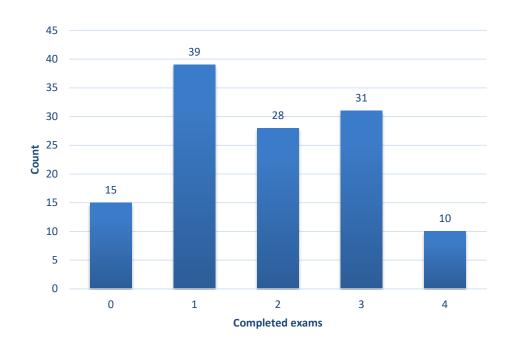

Board Examination Progress

123 currently financial candidate land surveyors have attempted at least 1 Board examination. The below graph highlights the number of candidates that have attempted/passed each of the 5 competency exams.

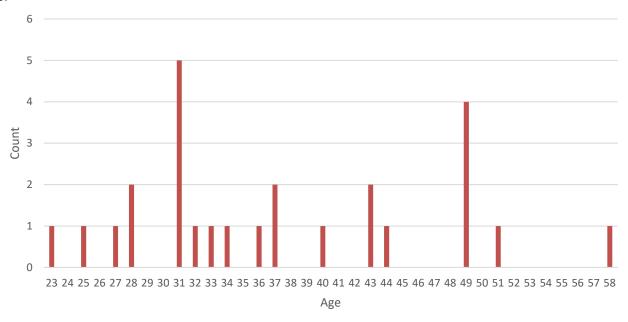

The following graph outlines their progress towards a certificate of competency.

Candidate Mining Surveyors

Age Profile

The age range of financial candidate mining surveyors is shown below. The average age of financial candidate mining surveyors on the Board's register is 37 and the age group with the largest number of surveyors is the 31-year age group. The oldest financial candidate mining surveyor is 58 and the youngest is 23.

Recognised Qualifications

The names of the institutions where current financial candidate mining surveyors have gained (or are gaining) their recognised qualifications are listed in the table below:

Gender Diversity

The gender breakdown of financial candidate mining surveyors is currently 26 males and 0 females.

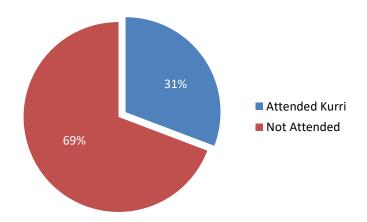

Enrolment

The below graph shows the financial year when current financial candidate mining surveyors initially enrolled with most enrolments occurring within the last 8 years.

Kurri Kurri Workshop

Only one third of the financial candidate mining surveyors have attended the Kurri Kurri Workshop since being enrolled as a candidate.

Board Examination Progress

6 currently financial candidate mining surveyors have attempted at least 1 Board examination. The following table outlines their progress towards a certificate of competency.
